

Dauphin Island is a town in Mobile County, Alabama, located on a barrier island also named Dauphin Island. The population was 1,371 at the 2000 census. It is included in the Mobile metropolitan statistical area.

The Gulf of Mexico is to the south of the island; the Mississippi Sound and Mobile Bay are to the north. The island's eastern end helps to define the mouth of Mobile Bay. The eastern, wider portion of the island is shaded by thick stands of pine trees, but the narrow, western part of the island features scrub growth and few trees.
